Official Papers.

Abstract of Season or Intermediate Reports for the Week ending 11*th October* 1884.

Bangalore District.—Two inches 72 cents of rain were gauged in the Civil and Military Station and 2 inches 40 cents in the Town of Bangalore. The rain-fall has been fairly general in all the taluks except Kankanhalli. Condition of crops much improved. Horse-gram has been largely sown. Prospects of season improving. Public health generally good. Cattle healthy, but still poor in condition on account of scarcity of fodder. Supply of drinking water and pasturage improving. Prices: second sort rice 10½ seers, ragi 25 seers and horse-gram 21 seers per rupee.

Kolar District.—Two inches 26 cents of rain at Kolar. Rain fell more or less all over the District. Some tanks have received from 1 week to 2 months' supply of water. Standing crops are improving. Horse-gram and hutchellu are being sown in some places. Prospects of season fair. Public health generally good. Supply of water and fodder improved. Prices: second sort rice 12 to 14 seers and ragi 20 to 34 seers per rupee.

Tumkur District.—One inch 27 cents of rain at Tumkur. Fair showers have fallen in some Taluks. Standing crops improved in places where rain has fallen. In many places the ragi crop is in ear. Ragi, horse-gram, sáme, javari, baragu, navane, sajje, hutchellu, Bengal-gram and cotton were sown. Ragi and javari in Pavagada, black-gram and yellu in Chitaldroog and navane and yellu in Chellakere were harvested. Prospects of season slightly improved in southern taluks, but in others continue unfavorable. Public health generally good. Cattle suffer from murrain in parts, and are in a reduced condition for want of sufficient forage. Casualties from this cause continue in the Pavagada Taluk. Drinking water deficient in parts of Gubbi. Pasturage and water for cattle are scanty in many places. Leaves and roots are used for fodder. Prices: second sort rice 12 to 15 seers, ragi 27 to 36 seers and horse-gram 15 to 26 seers per rupee.

Mysore District.—One inch 98 cents of rain at Mysore. Good rain fell in all other Taluks. Crops under channels generally in good condition. Hain ragi has benefited by recent rain. Horse-gram, halasandi, and black and green-gram have been sown in many places. The recent fall of rain has improved the prospects of the season, but more rain is needed. Water supply good. Pasturage improving. Public health generally good. Prices: second sort rice 11 seers, ragi 23 seers and horse-gram 17 seers per rupee.

Shimoga District.—Two inches 45 cents of rain at Shimoga. Standing crops in fair condition, but high lying rice lands require more rain in parts. In parts of the Davangere Taluk the crops are withering. Arecanut is being gathered in Sagar and Nagar. Horse-gram, kurasani, haralu and ragi were sown and paddy seedlings transplanted in Sagar. Prospects of season good, except in the Davangere Taluk. Public health generally good. Cattle are in a reduced condition in Davangere owing to want of pasturage. Prices have risen in Davangere. In other taluks rice 14 to 20 seers, ragi 20 to 46 seers and jola 28 to 44 seers per rupee.

Kadur District.—Four inches 32 cents of rain at Chikmagalur. Good rain fell in the other taluks, except in Kadur and Arsikere in which the crops are withering. Elsewhere the crops are in fair condition. Sugar-cane, fenugreek, wheat and horse-gram were sown. Ragi, coriander, oil seed and green and black gram were harvested. Cardamom was picked. Prospects of season good in the Malnad, fair in the Maidan. Public health good. Murrain in parts of Kadur and Mudgere. Water supply and pasturage good in the Malnad; rain much required in the Maidan. Prices: rice 12 to 23 seers, and ragi 19 to 44 seers per rupee.

PART IV.

Official Papers.

Abstract of Season or Intermediate Reports for the Week ending 18th October 1884.

Bangalore District.—One inch 59 cents of rain in the Town and 90 cents in the Civil and Military Station. Standing crops in all taluks except Kankanhalli in good condition. Gram continues to be sown in parts. Prospects of season improved in all the taluks except Kankanhalli. Public health generally good. Cattle healthy, but still in poor condition on account of scarcity of forage. Drinking water fairly sufficient. Pasturage much improved. Prices: second sort rice 10 seers, ragi 25 seers and horse-gram 20½ seers per rupee.

Kolar District.—Two inches and 8 cents of rain at Kolar. Tanks have received from 10 days to 1½ months' supply of water. Standing crops are improving. Prospects of season fair. Public health generally good except that a few cases of fever are reported in the Shrinivaspur Range. State of water supply and fodder better. Prices: rice, second sort, 12 to 14 seers and ragi 24 to 26 seers per rupee.

Tumkur District.—Fifty-nine cents of rain at Tumkur. Rain seems to have been general throughout the District except in Hiriyur. Horse-gram and hutchellu were sown in Tumkur and Gubbi; javari, baragu and horse-gram in Maddagiri; horse-gram and sáme in Chiknayakanhalli; ragi, ballar, togari, baragu, sáme, korle and horse-gram in Sira; horse-gram in Tiptur; náta ragi, paddy, javari, castor oil-seed, navane, sáme, sajje, horse-gram and cotton in Pavagada and paddy in Holalkere. Javari, wheat, green and black-gram, coriander, navane, sosi ragi and paddy were harvested in parts of the District. Standing crops improving in consequence of the timely fall of rain. In places where there has been no rain the crops are withering. Prospects of season hopeful. Fever prevalent in parts of Sira. Cholera still exists in Nittur of the Gubbi Taluk. It has subsided in the Tiptur Taluk. Cattle are generally in a reduced condition from want of fodder, and casualties therefrom are reported in the Maddagiri and Pavagada Taluks. Drinking water available. Pasturage very scarce and leaves and roots are freely used for fodder. Prices: rice, second sort, 12 seers, ragi 29 seers and horse-gram 21 seers per rupee.

Mysore District.—One inch and 32 cents of rain at Mysore. Rain-fall general in the District. Standing crops improving. Black, Bengal, horse and green-gram, and hutchellu were sown in many places. Prospects of season improving. Water supply good. Pasturage improving. Public health good. Four cases of cholera at Nanjangud and two at Konanur. Prices: rice, second sort, 11 seers, ragi 23 and horse-gram 20 seers per rupee.

Shimoga District.—Thirteen cents of rain at Shimoga. Standing crops are in pretty good condition, except in Channagiri, Honnali, Sorab, Sagar and Shikarpur where paddy and dry crops are reported to be showing signs of withering owing to want of rain. In Davangere they have withered in some places and in others they are withering. Want of drinking water is also felt in this taluk. Ragi was harvested in Channagiri. Arecanut is being gathered in Sagar and Nagar. Kurasani was sown in Sagar and yenagar jola in Davangere. Prospects of season not encouraging in the maidan and semi-malnad taluks, and particularly bad in Davangere. Fevers, colds and dysentery prevalent. Cattle are in poor condition in Davangere for want of fodder. Prices: rice 13 to 20 seers, ragi 21 to 40 seers and jola 20 to 40 seers per rupee.

Kadur District.—Two inches and 26 cents of rain at Chikmagalur. Standing crops fair. Rice crop, affected by Kateroga in the Mudgere and Manjarabad Taluks owing to insufficient rain. Sugar-cane and horse-gram were sown. Ragi is being harvested in the Koppa Taluk and cardamom and coffee being picked in the same taluk. Prospects of season fair. Public health fair. Small-pox and fever in parts of Mudgere Taluk. Three cases of cholera in the Town of Kadur, two of which proved fatal. Cattle in fair condition. Water supply and pasturage generally good. Cattle are being fed on date leaves in the Arsikere Taluk. Prices: rice 13 to 24 seers, and ragi 19 to 44 seers per rupee.
